

## **WEEKLY UPDATE**

**1/8/2021**

Dear Residents and Families/Representatives,

Please accept this letter as our weekly update regarding the status of COVID-19 in our facility. Since the onset of this virus, we have had 6 residents and 22 staff members test positive for COVID-19. Currently all staff have recovered and returned to work. We have not had any new cases of COVID-19 since 12/28/2020 and we are hopeful it will continue. We are currently testing staff based off of the McLennan County positivity rate, which as of Monday is 17.2%.

We are scheduled for our first vaccination clinic with Walgreens Pharmacy on 1/18/2021 and will be vaccinating both employees and staff. If you have any questions or concerns regarding the COVID-19 vaccine, please reach out to us at the facility and we will be more than happy to visit with you about them.

As always, we are working hard to keep everyone in our community safe and we will continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 254-981-7900.

Sincerely,

*Justin Falley*
