

The
BRAZOS
of Waco
WEEKLY UPDATE

5/28/2020

Dear Residents and Families/Representatives,

Please accept this letter as The Brazos of Waco's weekly update to keep you informed about what our facility is doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As of today, we have no confirmed cases of COVID-19 in our facility. To date, we have tested a total of 155 staff and residents. At this time, no results have been received but once they are we will provide updates to our numbers. Housekeeping and Nursing staff continue to work together to clean and disinfect regularly so that we can help keep COVID-19 out of our facility and keep our residents safe. We continue to provide various in room activities, allowing families or volunteers to come and paint resident's windows and also providing ways for residents to visit with family via FaceTime or 8x8.

As we have previously reported, we continue to practice the enhanced safety precautions recommended by our federal, state and local health officials. Only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

We are sorry to report that we are still experiencing technical issues and are unable to post these updates on our website as we had anticipated. As such, we are mailing you this update out of an abundance of caution to ensure you receive this information about our facility. Please continue to check our website at www.thebrazosofwaco.com as we look forward to the issues being resolved within the next few days.

As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 254-981-7900.

Sincerely,

Justin Falley
