

WEEKLY UPDATE

6/17/2020

Dear Residents and Families/Representatives,

Please accept this letter as The Brazos of Waco's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

As of today, we have no confirmed cases of COVID-19 in our facility. As mentioned in previous updates, we tested a total of 155 staff and residents for COVID-19 and we have received all of the results, which were negative. We look forward to having visitors stop by to utilize the facility's visitation station and connecting with your loved ones. Please remember to call and set up your appointment in advance so that we have ample time to sanitize and prepare the area for use.

As a reminder, we continue to closely monitor and follow the recommendations of our federal, state and local health officials. Only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly 254-981-7900.

Sincerely,

Justin Falley

Administrator
