

## WEEKLY UPDATE

7/17/2020

Dear Residents and Families/Representatives,

Please accept this letter as an update on the status of COVID-19 in our facility and what we are doing to keep our residents and staff during this ongoing pandemic. Since the onset of this virus, we have had 0 residents and 1 staff member test positive for COVID-19.

We are diligently working to ensure the safety of your loved ones and continue to screen staff daily as well as monitoring residents for signs and symptoms of COVID-19. We recently added a new Activity Director to our team and she comes with great ideas and ways to keep residents active, while adhering to recommendations and regulations set in place to keep your loved ones safe. We recently had a change in policy regarding the acceptance of items from outside the facility and at this time are asking the following:

If you are bringing items from the community, please only bring items that can be easily wiped down. Clothing must be laundered by the facility staff, so any new items you bring must be labeled and washed by facility staff prior to taking it to the resident's room. Because of this, we ask that when bringing items by the facility, please make your best effort to drop those items off between 8 a.m. and 5 p.m. Monday through Friday and 8 a.m. to 10 a.m. Saturday and Sunday. Along with this, we ask that items be brought to the front lobby where someone will collect the items from you and then ensure that the proper process is followed.

As the number of coronavirus cases throughout the country are rapidly changing, we continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please also remember what you can do to help stop community spread of this virus, such as practicing hand hygiene and social distancing, practicing proper cough etiquette, using face masks, and cleaning and disinfecting frequently touched surfaces daily.

Please continue to check our website for weekly updates as well as notification of new cases. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 254-981-7900.

Sincerely,

*Justin Falley*
